

“Running”

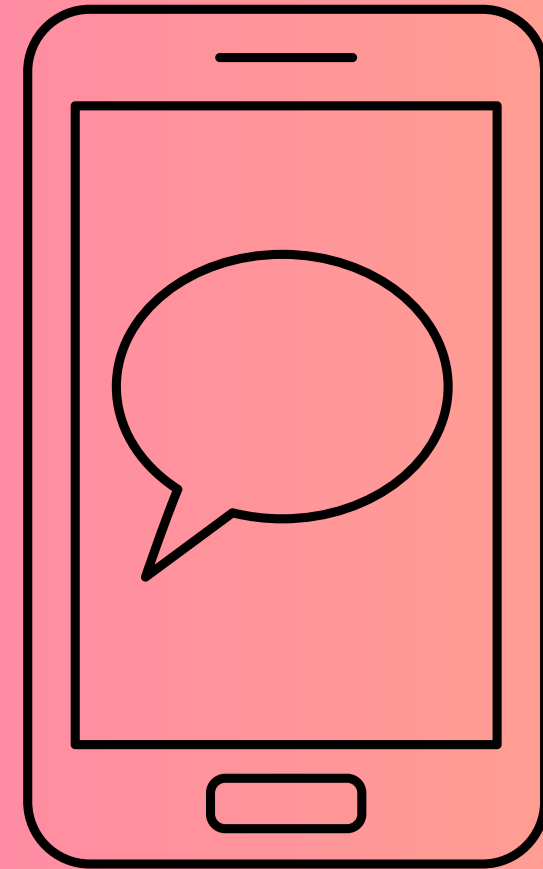

By: DeMarcus Jr

**Running, going
back-to-back
running, getting
tired hoping to
stop
but you can't
because your coach
won't let you
because you
lost the game**

**Then he let you stop
for a minute
then he makes you go
in a line and start
running
the person in the back
has to catch up
we can't stop until
everybody catches up
after everybody is done
then the coach
makes you bearcrawl
which is probably
the only thing worse than
running**

text, text
why do you come
at the middle
of the night
why, why

text, text
waking up
to 30 texts
in the morning
by friends
why, why

text, text
go away
I want you to
go away
why, why
do you have to
come at night

text, text
go away
don't come back
at the middle
of the night
why, why
